APPLICATION WINDOW 1 November – 31 December 2026	TARGET START DATE 4 January 2027

ABOUT LIFECARE CONNECT

LifeCare Connect Nigeria Limited is the CAC-registered umbrella commercial entity through which every Group platform is marketed, contracted and delivered in Nigeria and across Africa. It sits under the Ancestra Group parent brand, alongside LifeCare Medical Group. The Group operates five platforms, three of them in active focus: Ancestra Health (a full health-tech suite — Telehealth, EHR, ClinicOS, Hospital Management OS, Lab Management OS), QualiSentinel (a quality-management SaaS product, also offered as an outsourced Quality Management as a Service), and JAPAC Accreditation (laboratory, testing and certification-body accreditation services). Two further platforms, OneHealth Sentinel and NCD Sentinel, are secondary, longer-lead opportunities pursued primarily through a government and public-sector sales motion. Contracts, invoicing and local employment all run through LifeCare Connect — there is no separate Employer of Record. We are opening our founding operations base in Uyo, Akwa Ibom State, with a start date targeted for January 2027, and are building the launch team that will get every part of that office running from day one.

ROLE OVERVIEW

The Driver/Logistics Support role keeps the Uyo office and its client-facing teams moving — providing safe, reliable transportation for staff, management and, critically, the field assessment teams that carry out JAPAC Accreditation site visits across the region.

KEY RESPONSIBILITIES

- Provide safe, reliable transportation for staff, management, clients and field assessors between the Uyo office, client sites and other locations as required.
- Support logistics for JAPAC Accreditation field assessments and laboratory/facility site visits, ensuring timely arrival of assessment teams and equipment.
- Maintain the company vehicle(s): routine maintenance scheduling, cleanliness, fuel logs and safety checks.
- Support document and parcel courier runs, procurement pick-ups and general office errands.

- Maintain accurate trip logs and mileage records.
- Assist with basic office logistics and event or meeting set-up support as needed.

REQUIREMENTS & QUALIFICATIONS

- Valid Nigerian driver's licence with a clean driving record.
- A minimum of 3 years' professional driving experience; familiarity with Uyo/Akwa Ibom State roads and surrounding routes.
- Basic vehicle maintenance knowledge.
- Punctual, reliable and professional in manner, including when representing the company with clients.
- Good communication skills; secondary school certificate as a minimum.

WHAT WE OFFER

- A stable, full-time role supporting a growing, multi-platform organization.
- Direct involvement in field logistics for a genuinely differentiated accreditation-services business line.
- A structured, professional working environment from the Uyo office launch.

HOW TO APPLY

Send your CV and a short cover note to careers@lifecareconnect.ng with the position title in the subject line. Applications are reviewed on a rolling basis; early applications are encouraged as interviews may begin before the window closes.

Compensation: Competitive salary, commensurate with experience.
